- Unlimited SMS and MMS in Australia

Network and coverage

Your service uses Telstra's wholesale mobile network, which reaches more than 98.8% of Australians. A&S Total Comms is responsible for your service and isn't affiliated with Telstra. Check coverage where you'll use it at telstrawholesale.com.au/mobile-network before you order.

What you need

An unlocked phone that works on Telstra's network (5G-capable to use 5G). We supply a SIM or eSIM for $7. You can keep your number: moving it to us cancels your old service, so check your old provider's exit charges first.

Emergency calls

Call 000 in an emergency. If you have no coverage on this network, your phone may still reach emergency services on another network where one is available.

3 Data, top-ups and usage

Your data bank

Unused monthly data goes into your data bank, up to 1000GB, and is used after your monthly data runs out. Banked data is lost if you move to a smaller plan or a plan without a data bank, or if the service is cancelled or moved to another provider.

When your data runs out

We add 2GB for $10 automatically, up to five times a month. After that, you can buy 1GB for $10, or add a recurring 5GB for $35 a month. Top-up data expires at the end of the month. You can ask us to switch automatic top-ups off; data then stops when your allowance runs out, until the next month.

Usage alerts and records

You get SMS alerts as your monthly data runs low and runs out. Call or email us for your call and data usage at any time.

4 Calls and roaming outside Australia

International calls
Calls and SMS from Australia to standard numbers in China, France, Germany, Greece, Hong Kong, India, Ireland, Malaysia, New Zealand, Singapore, South Korea, Thailand, the United Kingdom, the USA and Vietnam are included. Calls to other countries are charged per minute at our international rates; ask us for a rate before you call.

Roaming overseas
Using your phone overseas can cost far more than at home. Roaming works only with a travel pack bought before you use it: 5GB, 30 minutes and 30 SMS for 7 days, $35; 10GB, 60 minutes and 60 SMS for 14 days, $60; or 3GB, 300 minutes and 300 SMS for 3 days, $65. Roaming charges can appear on a later bill.

6 Your agreement, bills and payments

Bills and payment
Monthly in advance, by email; the first bill includes a part-month charge from your start date. Top-ups, overseas calls and roaming packs are billed in arrears. Pay by bank transfer, credit card or debit card by the due date. No payment method has a fee or surcharge.

Changing plans
Talk to us first. The new plan's full monthly charge applies from the day you change. Moving to a smaller plan forfeits your banked data.

Changes we make
If we change your plan, price or terms in a way that is detrimental to you, we give you at least 30 days' notice, and you can cancel without an early termination charge.

Cancelling
Cancel at any time by phone or email, with no early termination charge. Charges already billed for the current month aren't refunded. Your Australian Consumer Law rights are not affected.

Fair use and your information
Unlimited calls and texts are for normal business use by the SIM's user, under our Fair Use Policy at aandstc.com.au/legal-documents. We may suspend the service for misuse, or for unpaid bills after notice. Our privacy policy is at aandstc.com.au/privacy.
